

Meddygfa Taf Coronavirus Surgery Update

As a precautionary measure as of today 16th March 2020 until further notice we have changed our current appointment system. In essence we are trying to plan ahead.

All appointment requests will be triaged by a GP. If they feel you need to be seen they will organise a face to face assessment or conduct a telephone consultation.

For appointments that have already been booked, we are in the process of contacting those patients and offering, if appropriate, a telephone consultation or cancelling any non-urgent appointments, such as routine blood tests, blood pressure checks etc..

We have decided to restrict access to the Surgery by only allowing those patients who are invited in following a telephone consultation into the surgery.

If you need to reorder your prescription, please do so via [**MyHealthOnline**](#) if you have an account or by telephone. All prescriptions will now be sent directly to your nominated chemist and not left for collection from the front desk.

We hope that you will see this as a positive step on our behalf to minimise the risk to the community and to ensure that we can continue to offer all our patients appropriate healthcare during this very difficult and uncertain time..

We thank you for your understanding during this challenging time.

From

**ALL THE DOCTORS, NURSES, ALLIED HEALTHCARE STAFF AND THE
ADMIN TEAM AT MEDDYGFA TAF**
